PROJECTS

1. ParaBank – Online Banking Application Testing

Selenium | Java | BDD Cucumber | Gherkin | TestNG | SQL | Jenkins | Maven

- Built end-to-end BDD Cucumber automation framework covering 6 functional flows: registration, login, account opening, funds transfer, bill payment, and logout.
- Wrote Gherkin feature files (Given/When/Then) to keep test scenarios readable for both technical and non-technical stakeholders.
- Integrated Cucumber with TestNG using AbstractTestNGCucumberTests; managed browser lifecycle via a centralised Hooks.java class.
- Implemented SQL/JDBC backend validation using DBUtils.java with parameterised queries to verify data integrity at the database level.
- Configured Jenkins CI/CD pipeline with Maven build execution for continuous automated test runs.

2. OrangeHRM – HR Management System Testing

Selenium | Java | TestNG | POM | Data-Driven Testing | Apache POI | Maven

- Automated functional test cases for Login, Dashboard, Employee Management, and Logout modules using Selenium WebDriver and TestNG.
- Implemented Data-Driven Testing with Apache POI and TestNG @DataProvider to run tests across multiple employee datasets from Excel.
- Built a scalable Page Object Model (POM) framework for improved code reusability and maintainability.
- Executed full regression suite via testng.xml and Maven CLI; reviewed results using TestNG HTML reports.

3. SauceDemo – Manual Testing

STLC | Test Case Design | Bug Reporting | RTM | Functional & UI Testing

- Delivered complete STLC coverage producing 8 QA artifacts: Requirement Document, Test Plan, Test Scenarios, Test Cases, Execution Report, Bug Report, RTM, and Test Summary Report.
- Designed and executed 63 manual test cases across 6 modules — Login, Products, Cart, Checkout, Navigation, and Logout.
- Identified and logged functional and UI defects with severity and priority classification.
- Built a Requirement Traceability Matrix (RTM) mapping 20 requirements → 20 scenarios → 63 test cases — achieving 100% coverage.

Additional automation projects (KFC India — React SPA, FullyFilmy — Shopify E-Commerce, etc..) available on GitHub.
